Welcome address and introduction**Felix von Limburg**

Member of the Board of NUMOV
CEO of B.T. innovation GmbH

Keynote**H.E. Abdulla Abdullatif Al Shaikh Abdulla**

Ambassador of Bahrain to Germany

Moderation: Felix von Limburg

The Kingdom of Bahrain recently announced that it seeks to further invest in the country's development and diversification efforts. **Totalling investments of USD 30bn**, the strategic projects are to span different sectors: tourism, infrastructure and logistics, among others. The most eye-catching part of the ambitious plans is the construction of five new off-shore cities that will expand the kingdom's urbanised area by 60 percent once completed. German companies from various sectors will be able to partake in those investments and the steps in their realisation.

We are glad to welcome the Ambassador of Bahrain to Germany, H.E. Abdulla Abdullatif Al Shaikh Abdulla, for this Round Table. He will overview the bilateral economic relations and answer any questions regarding the potentials Bahrain holds for German companies.
